ACHE - SouthEastTexasChapter

An Independent Chapter of the American College of Healthcare Executives

Dear Houston Methodist Colleagues,

Thank you so much for joining us on Tuesday, November 17th for our Houston Methodist Hospital and American College of Healthcare Executives-SouthEastTexasChapter shared event. We had great attendance, and your participation definitely made a difference. It was a pleasure to meet so many of Houston Methodist's committed and passionate healthcare leaders. For those of you that are already ACHE members, we hope that you had the opportunity to meet new colleagues, share in some refreshments, and learn more about Dr. Boom's journey in leadership. We also hope the event served as a reminder of the benefits of membership and camaraderie provided by your local ACHE SouthEastTexasChapter.

If you have not yet become an ACHE member, we trust that we provided you with the opportunity to learn more about our organization and experience the benefits of ACHE. Membership provides you with an advantage to expand your professional network, gain access to up-to-date tools and resources to achieve your career goals, take advantage of local and national educational programs designed to fit your professional development, and gain recognition for your profession. All while preparing you to take on leadership roles within healthcare organizations.

If you would like to learn more about the great benefits offered by being a member of ACHE, please consider joining us today. We have enclosed our calendar of events for the coming year, and hope you will join us for these great networking and educational opportunities.
