Health, Lamar University

TUESDAY, JAN. 24, 2016

5:30 – 7:30 P.M.

Lamar University's Dr. Richard L. Price Auditorium

In the John Gray Center (Refreshments Available)

Beaumont, TX

LEARN:

- How telemedicine has been used to care for patients and in what settings
- How effective telemedicine has been in the treatment of patients
- What the financial and reimbursement implications of employing telemedicine are in the care of patients
- What are the future applications of telemedicine and how the potential shift in healthcare reimbursement toward assuming greater risk may impact health care providers' use of telemedicine
