

Sarah Harris was born and raised in Houston, Texas with a long interest in healthcare from a young age. She received her bachelor's degree in Psychology with a minor in Sociology from Indiana University in Bloomington. She received her master's in Public Health with a major in healthcare management from the University of Texas Health Science Center. Prior to graduate school, Sarah worked at Baylor College of Medicine Neurological Research Institute conducting research on pediatric neurological seizure disorders. During her MPH program, Sarah completed a spring internship with Texas Children's Hospital in their ambulatory business operations department as well as a summer internship with Houston Methodist as the intern for the executive vice president. During her summer internship with Houston Methodist, she worked closely with the pandemic efforts and worked as the acting project manager for the artificial intelligence telephone system implementation for the Center for Innovation. Sarah was admitted to the administrative fellowship at Houston Methodist in 2021 and will complete her fellowship at the end of 2022.
