# Mark King
Chief Information Officer
HCA, Gulf Coast Division, ITG

Mark King is Chief Information Officer of the Gulf Coast Division of HCA, one of the nation's leading providers of healthcare services.

A 23-year veteran of HCA, Mark leads the Gulf Coast Division's Information Technology & Services department which provides IT strategy and support for the Division and its 16 hospitals. Mark leads a team of over 200 local employees based in Sugar Land, Texas that provides IT services to HCA's hospitals in the Houston, Corpus Christi and Rio Grande Valley markets.

During his career at HCA, Mark has held various leadership roles of increasing complexity and responsibility, most recently as Director of Imaging Systems and Director of Application Services. Mark was named CIO in July of 2014.

Mark holds an undergraduate degree in Healthcare Administration from The University of Texas Medical Branch at Galveston. He and his wife live in Cypress, TX with their two children.
