

Bio For Dr. Harold Griffin:

Dr. Griffin is a distinguished figure in the healthcare industry, with an extensive career commencing in the mid-1980s. His expertise spans across clinical and operational capacities within prominent academic medical centers. Notably, Dr. Griffin has contributed to the success of six multi-billion dollar corporations, including three publicly traded entities, holding executive leadership roles, such as President/CEO, in five of these esteemed organizations. Renowned for his adeptness in revitalizing underperforming institutions, he has consistently steered these organizations towards a path of sustainable success.

In the realm of academia, Dr. Griffin holds the esteemed position of Dean of Career and Technical Programs at Alvin Community College. His academic leadership is further exemplified by his previous roles as the Division Chair for Business Administration and Computer Technology and as the Program Chair for the Bachelor's in Health Services Management at Brazosport College. Furthermore, he contributes his wealth of knowledge and experience to the ACHE-SETC as a member of the Board of Trustees.

Dr. Griffin's academic credentials are equally impressive, with advanced degrees in business administration (finance), healthcare administration, public administration, and a distinguished academic doctorate in healthcare administration. Beyond his professional and academic accomplishments, Dr. Griffin is a decorated veteran, honoring his country with over ten years of dedicated active service in the U.S. Navy, including participation in the Persian Gulf War.
